

Akhilesh Gandotra

iOS Developer

Chandigarh | 7508162163 | akgandotra90@gmail.com

Summary

Passionate engineer with proficient skills. My objective is to learn and use top technology headlines. Very enthusiastic in learning and experimenting. **1 year** of experience in iOS Development. Been involved with a lot of different applications like health care, medical staffing, Voip, on demand delivery, jobs etc.

A **swift** digger, I like to build clean apps with optimised code for better performance and speed.. I do my best to go into clients' tasks to finish projects on time and deliver **maintainable** and **robust** code.

I would like to work in an environment of **growth** and **competition** where I can utilize skill that effectively contributes to the growth of organization.

Professional Experience

iOS Developer

Jul, 2016 - Present

Clicklabs

Served as a **core member** of the iOS Team. **Build** and **completed** applications as per the client. Strategically managed and gave ways to implement functionality in the iOS Apps.
